Subject: Hands For Heroes – Free Chiropractic Care For War Veterans

I have recently been made aware of the “Hands for Heroes - Free Chiropractic Care for War Veteran” movement which at 11/11/11 had made over £4.1 million worth of free care available to war veterans from Afghanistan and Iraq.

This has all been achieved through the efforts of a retired war veteran with the help of volunteers. There is no expense to the government. Full details can be found at [www.handsforheroes.org](http://www.handsforheroes.org)

(If you have an experience of chiropractic, or Hands for Heroes, or if you are a serviceman or woman please mention it here)

As someone who has .....

The organisation aims to serve 9000 veterans from Afghanistan and Iraq every year and is already changing veteran’s lives for the better. I wholly condone the scheme and would ask that you take action to promulgate its existence and work to the serving and retired war veterans in the UK.

Best regards
